Arranger's note

Rasa Sayang is a famous folk song among Malaysia, Singapore and Indonesia. This arrangement incorporates some Malaysian culture and traditional dance elements. One of the traditional dance styles called the *Joged* is personified by the call and response interaction between male and female voices. You will also find vocal onomatopoeic imitating of some Malay traditional instrument like the Bonang, Compang and Gong. The harmonic language used at the ending of this arrangement portrays a unity of different races in Malaysia.
